Since 1888

NO. EXEC.TM. 007/2012

April 25, 2012

Prof. Shigeyuki Kano
Japanese Society of Tropical Medicine
Board Medicine,
Japan Association of International Health

Dear Prof. Kano,

On behalf of the Faculty of Tropical Medicine, Mahidol University, I would like to express our appreciation for your support to the Faculty during the recent flooding crisis. As you know, many staff members of the Faculty of Tropical Medicine were directly affected by the disaster. We worked very hard to provide relief supplies and emotional support to those affected or displaced.

Please also extend our gratitude to the members of the Japanese Society of Tropical Medicine, the Japan Association of International Health, and the Mahidol University Alumni in Japan. With the Thai spirit of endurance and your support, I feel assured everyone in the TropMed family will be able to persevere, rebuild, and thrive once again in happiness, to return to their homes and their normal lives.

Sincerely yours,

Pratap Singhasivanon

M.B.B.S., D.T.M. & H.Dr.P.H. (Epidemiology)

Dean

Faculty of Tropical Medicine
